1)WENMAN- WENANNOU WHITE THUNDER

2)HARRISON-RUNDLE RASPBERRY ROULADE

strong masc dog, a little flat in skull, well placed ears, muscular neck, strong round bone, deep chest, ideally like him more compact, well angled rear with strong low set hocks, he is a handful for owner but once he settles and composes him self he is ok on the move, diff type to winner

PGD

1)SIMKIN-SIMELDAKA SENGLEA SQUIRE

1 and 2 are different dogs completely and both have virtues. but could easily change places on another day, winner is a lighter framed balanced dog, pleasing head and exp with strength in muzzle, compact feet, lighter in body and needs to mature, moderate angles, sound mover, tail could be shorter.

2)WHITTON- JALHAR THE WONDER OF YOU AT HAGGATTY

he has a nice stamp and type for me but is stronger in head than ideal, super bone, has fill in front, round bone, neat feet. Deep chest, super rear, he doesnt hold his shape as well as 1 on the move, well sprung ribs and has power on the go round.

Mid LD

1)LOVATT-BJORNHAGEN TREASUREHUNTER

i like this dogs proportions and size, he has a balanced head piece with a kind eye and exp. Good muzzle, deep chest with well sprung ribs, he could loose a pound to improve his outline, muscled rear with a strong powerful mover in profile. Ok tail. Could be a little neater in front but overall i liked his type

LD

1)FOSTER- STORMPASTURE ROCKETMAN

mixed class of dogs but i liked my first 3 for overall balance and type. Winner is a super shape and outline, really good compact dog with masculinity but not over done, lovely head and exp, super neck, correct length and sturdy tail, could have a little more rear angles but what he has

he uses to his advantage, nice type. He is a very steady collected mover, Lots to like and I'm sure will gain his title in time.

2)LEWIS- FALLOWFIELD VINCENT

similar mould to 1 with pleasing head and exp, good ears, kind exp, good reach of neck, straight forelegs. Super rear with brisk positive movement, not as tidy in front as 1 but more positive in profile, super temperament, correct size, neat feet.

OD

1)CRAIG-CH DAVICARD JACOB

he is a stallion of a dog in a compact package, super bone, neat feet, deep chest, well sprung ribs with a strong short loin, level back, moderate rear, holds his topline well, tail of good length. Steady mover but prefer a little more animation on the move, he is a quality dog all through and very worthy Ch.

2)HARDISTY-Am Ch BLUNDERHALL IN LOCKDOWN

nice stamp and type for me, pleasing head and exp, square muzzle, good ear set, round bone . Little finer than 1 but still in proportion, excellent profile mover with a short tail, strong rear with nice width in stifle.
