

Request to advertise your Beagle AFFIX

This is a great opportunity for your AFFIX to get some exposure, showing off your Beagles to the Beagle Community, and to anybody that browses our website.

To make sure you get the maximum benefit, you can do any of the following:

With your Website

If you already have a website, then there is no better way as you are in control of what the viewers can see. Any viewers will have access to your latest show successes and litters. Simply complete your website address where stated below. This allows full access to view your website, be introduced to your beagles and have contact information (you must make sure this is on there if you wish to have contact). Email and telephone is sufficient, maybe your location by region if you wish.

Without Website

We understand that not everybody who exhibits or breeds will have a website, and to make sure you benefit from this, why don't you create a word document, or PDF, some ideas of things to include are:

- AFFIX
- About your Beagles
- About you
- Who are your Beagles
- Do you exhibit/Breed/Judge
- Photos
- Contact Information
- Show success stories

We can then attach this document to our website so viewers can click on your AFFIX and open up this personalised document. You can send updates to enquiries@thebeagleclub.org and we can update your document as requested.

Costs are:

Members £20 for 2 years

Non Members £30 for 2 years

To advertise please either attach a document (if you do not have a website) and email this to enquiries@thebeagleclub.org or please advise your website address here.....
